This statement is your record of shares that have been credited to your account in book-entry form with American Stock Transfer & Trust Company ("AST"), the transfer agent for this issue. No stock certificate has been issued at this time.

You may request a physical certificate at any time, although it is generally easier and more efficient to maintain your holdings in non-certificated form.

If you wish to transfer your book-entry shares to your brokerage account, the following options are available to you:

- If your broker is a participant in the DRS Profile system, your broker may request your shares from AST utilizing the automated Profile system (AST's DTC Participant Number is 7805). You must provide your broker with the Company's CUSIP number, your shareholder account number, your taxpayer identification number, and the name in which the shares are registered. You must also provide your broker with the number of shares that you wish to transfer. Please be advised that your broker may request that you send him/her a copy of this Direct Registration Statement.
- If your broker is not a participant in the DRS Profile system, please write to AST at the address listed above, instructing AST to credit your brokerage account. You must include your AST account number, the name of your brokerage institution, your brokerage account number, and the number of shares that you wish to transfer. Your letter of instruction must be signed by all owners listed in the account registration and the signatures must be guaranteed by a bank, broker or other financial institution that is a member of a Securities Transfer Association-approved medallion program such as STAMP, SEMP or MSP. It would speed processing if you would include a copy of this Direct Registration Statement. Please coordinate with your broker to ensure that they will accept share delivery via the Direct Registration system.

The Issuer will furnish, without charge, to each holder who so requests, the powers, designations, preferences and relative participating optional or other special rights of each class of security or series thereof, and the qualifications, limitations or restrictions of such preferences and/or rights.
